Handwriting practice lines with an apple tree illustration at the bottom.

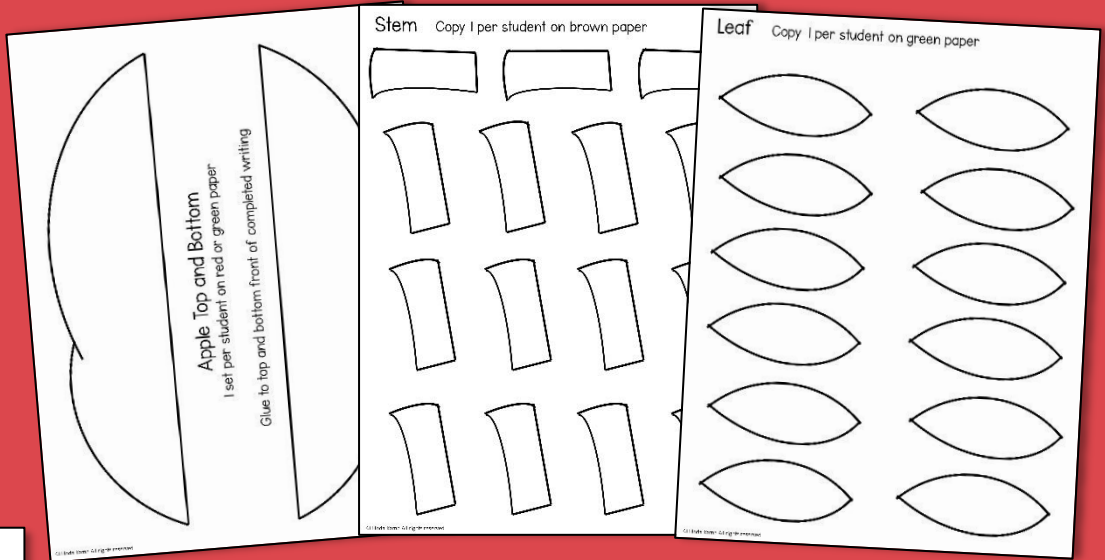

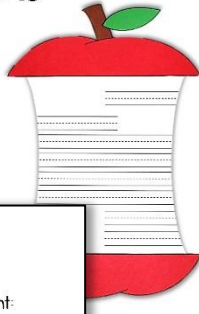

Handwriting practice lines with an apple tree illustration at the bottom.

Easy-cut templates & directions

APPLE CRAFT DIRECTIONS

You will need per student:
 1 apple top and bottom template copied on red or green paper
 1 stem on brown paper
 1 leaf on green paper
 1 writing template

TREE CRAFT DIRECTIONS

You will need per student:

- 1 sheet 9 x 12 brown paper
- 1 treetop on green paper
- 1 tree base on brown paper
- green tissue paper for "leaves"
- red tissue paper for "apples" (Cut tissue paper into small squares)

and bottom completed

APPLE BULLETIN BOARD

1. Cut out the apple shape.
2. To decorate the apple, use green tissue paper for leaves and red tissue paper for apples. Glue them onto the apple shape.
3. Center the template on the bulletin board.
4. Lay the apple shapes on the board. Fold the sheet of paper to create a "trunk" for the apple.
5. Attach the apple shapes to the trunk on the board.

You will need per student:

- 1 apple shape on white paper
- 1 small leaf on green paper
- 1/4 sheet of red paper

My 1st graders wrote letters to Johnny Appleseed on the large apple craft. My 2nd graders chose a collective noun to draw and write a sentence on the small apple shapes.

1. Choose a skill for students to practice. (We did collective nouns)
2. Draw the picture and write a sentence on the white apple shape. Cut out the shape.
3. Center and glue the cut shape on a square of red paper. (I used a 9" x 12" sheet cut into 4 pieces.)
4. Trace about a 1/4 to 1/2 inch around the white shape to make a red border. Cut on the trace lines.
5. Glue a green leaf to the top of the apple.
